The following is a statement of the securities held by the Permanent School Fund:

Minn. War loan bonds, loan of 1862, Interest May and Nov., 7 per cent. currency,	\$100,000 00
Minn. 7 per cent. bonds, loan of 1867, Interest Jan. and July, 7 per cent. currency,	100,000 00
Minn. 7 per cent. bonds, loan of 1868, Interest Jan. and July, 7 per cent. currency,	100,000 00
Minn. 7 per cent. bonds, loan of 1869, Interest Jan. and July, 7 per cent. currency,	50,000 00

U. S. 6 per cent. bonds of '81, Interest Jan. and July, 6 per cent. gold, registered bonds, - - - - -	10,000 00
U. S. 5-20 bonds, Interest Jan. and July, 6 per cent. gold registered bonds, - -	77,800 00
U. S. 6 per cent. currency bonds, Interest Jan. and July, 6 per cent. currency reg- istered bonds, - - - - -	330,000 00
<hr/>	
Total, - - - - -	\$767,800 00

A joint resolution passed by the Legislature, March 4th, 1870, authorized the sale of the U. S. 5-20 bonds enumerated above, and the investment of the proceeds to arise from such sale in the bonds of either of the following States, viz: New York, Pennsylvania, Ohio, Illinois, Michigan, Wisconsin or Iowa. As no satisfactory investment could be made during the year in the bonds of any of the States named, the Commissioners of the School Fund deemed it advisable to hold the U. S. 5-20 bonds until additional authority could be granted by the Legislature for the investment of the proceeds to arise from such contemplated sale, and of the balance of the Permanent School Fund moneys, in bonds of other States offering the most profitable terms of purchase, ample security for the principal and prompt payment of the interest of such bonds. The Missouri 6 per cent. bonds, now in the market, are deemed the most suitable to purchase, and I would respectfully recommend that the necessary action be taken providing for the transaction.

## RAILROAD TAXES.

The State Treasury received during the fiscal year just closed, from the various railroad companies, having completed over thirty miles of road, in lieu of taxes, viz:

From Winona and St. Peter Railroad, 2 per cent. on gross earnings, -	\$12,381 00
--	-------------

From Milwaukee and St. Paul Railroad, 2 per cent. on gross earnings, -	19,516 86
From 1st Div. St. Paul and Pacific Railroad, 2 per cent. on gross earnings, -	7,468 96
From St. Paul and Sioux City Railroad, 1 per cent. and 2 per cent. on gross earnings, -	3,656 18
From Southern Minnesota Railroad, 1 per cent. on gross earnings, -	1,522 23
From Lake Superior and Mississippi Railroad, 1 per cent. on gross earnings,	389 46
<hr/>	
Total, - - - - -	\$14,934 66

Being an increase over the previous year of \$14,341 00.

The tax received from this source in 1866 was \$4,078 21

The tax received from this source in 1867 was 9,373 55 Railroad Taxes.

The tax received from this source in 1868 was 12,814 53

The tax received from this source in 1869 was 30,593 66

The tax received from this source in 1870 was 44,934 66

For the current year this tax will probably reach \$60,000, and will hereafter rapidly increase as railroad building progresses, and the business on them and the percentage on their gross earnings will increase. I would again repeat my recommendation of last and previous years, viz: That means be devised by which this large and steadily growing source of revenue be better guarded and controlled, and a more satisfactory system of accounts with the various railroad companies be secured; the statements required to be made of their gross earnings should be monthly or quarterly and made to the State Auditor, on whose draft the tax should be collected by the Treasurer. The State Auditor, as the accounting officer of the State, should have the power to examine the correctness of such statements rendered, leaving to the Treasurer the collection and safe custody of the funds. It is easy to estimate that, when our projected railroad system is once completed, and the companies required to pay the full rate of taxation, 3 per cent., this item of revenue will nearly suffice for all current expenses of the State Government.

## STATE FINANCES.

<b>State Finances.</b>	The amount of State Auditor's warrants issued during the year, including school apportionments, is	\$600,502 52
	Warrants outstanding Dec. 1, 1869,	2,816 82
	Total,	\$603,319 34
	Warrants redeemed during the year,	\$592,692 86
	Leaving amount warrants outstanding, Nov. 30, 1870,	\$10,626 48

The collection of takes during the year 1870, as compared with former years, was as follows, viz:

<b>Taxes collected compared with former years.</b>	Taxes collected during the year 1860,	\$111,918 53
	Taxes collected during the year 1861,	100,186 83
	Taxes collected during the year 1862,	133,001 73
	Taxes collected during the year 1863,	177,170 43
	Taxes collected during the year 1864,	195,418 52
	Taxes collected during the year 1865,	218,963 33
	Taxes collected during the year 1866,	252,646 96
	Taxes collected during the year 1867,	286,447 32
	Taxes collected during the year 1868,	276,186 93
	Taxes collected during the year 1869,	318,556 86
	Taxes collected during the year 1870,	336,460 83

The estimated resources for the current year, ending November 30th, 1871, are as follows, viz:

Estimated resources from tax duplicate,	- - -	\$375,000 00
Estimated resources, miscellaneous sources	- - -	100,000 00
Balance of Revenue Fund,		1,423 03
Balance of State Institutions Fund,	- - -	11,274 73
Total,	- - -	\$487,697 76

The estimated expenses of the same period are as follows, viz :

For current expenses of the State Government,	-	\$117,750 00	Estimated ex-penses for the current year.
For current expenses State Institutions,	-	135,000 00	
For interest on State loans,	-	20,000 00	
For investments for Sinking Fund,	-	20,000 00	
For warrants outstanding Dec. 1st, 1870,	-	10,626 48	
For payment of deficiencies of 1870,	-	45,000 00	
For unexpended appropriations to be drawn,	-	15,000 00	
For miscellaneous appropriations,	-	32,300 00	
Total,	-	\$395,676 48	
		<hr/>	

Leaving a probable balance for the Revenue and State Institutions Fund at the end of the current year, of - \$92,021 28

Of this amount some \$40,000 should be left for the expenses of the Legislature of 1872 and for miscellaneous January and February bills of that year, as no collection will probably be made before the middle of March, or until the spring returns are made, leaving about \$50,000 for improvements and buildings for State Institutions.

The correctness of the above estimates may be judged by a comparison of former similar estimates of the State Auditor, and appropriations should be kept within the limits indicated. If it should be desired, for the completion of the necessary buildings for our State Institutions, to expend larger amounts than the above estimates would warrant, additional constitutional authority should be provided for an increase of our State loans, the constitutional limits having been reached by the loan of \$50,000 contracted in 1869.

A State debt of half a million dollars may not be deemed extravagant for a commonwealth numbering half a million of people, and it seems only just that generations to come after us, who will enjoy the benefits of the ex-

State Finances.

penditures now made in the erection of costly edifices for our State Institutions, should share in the burden of the tax necessarily imposed by their erection.

The Insurance  
Department.

#### THE INSURANCE DEPARTMENT.

Under the law regulating foreign and domestic insurance companies, ninety-nine companies rendered their statements, a table of which is hereto annexed. A similar table, showing the essential points in the financial standing of the companies, was published, for the information of the public, in July last, and it is believed that much benefit has been derived from this publication and the information rendered thereby. If a change is attempted by the law, it should have a tendency to make its provisions more stringent, and to require all companies to be placed under the same restrictions. Information in regard to the re-insurance fund of each company would be very desirable and enable the public to judge of the financial soundness of such companies. The amount of tax received from insurance companies, being two per cent. on their gross earnings, of the preceding year, was \$14,817 76.

Respectfully submitted,  
EMIL MUNCH,  
Treasurer of State.
